Amazing news alert! The Girls Leadership Academy Meetup (GLAM), the Silicon Valley-based nonprofit, just announced the completion of an International Women's Day Coding Event with the London Stock Exchange Group (LSEG) WIN Tech Network!

👩‍💼 Over 40 LSEG WIN Tech volunteers and GLAM staff supported the delivery of this engaging two-hour online program, which was specially curated for girls aged 8 to 12. And guess what? There were almost 100 registrants from 13 countries on four continents! This made the event the most geographically diverse group of attendees that GLAM has ever welcomed. Talk about inspiring girls from all over the world!

🌍 Let's give a big round of applause to GLAM and LSEG WIN Tech Network for creating this amazing opportunity for girls from all over the world to learn and grow in the fields of technology and leadership!
